

**DIABETES EDUCATION PROGRAM
FOR SCHOOL NURSES
Saturday, April 10, 2021
8:00 AM – 3:50 PM
Virtual**

This program will be LIVE, and will not be available online after the program.

LEARNING OBJECTIVES

Upon completion of this program, participants will be able to:

-  Describe the etiology and pathophysiology of both type 1 and type 2 diabetes in youth
-  Identify current treatment plans and tools utilized in the management of diabetes in children and adolescents and apply them to the school setting
-  Review the role food and nutrition play in the management of diabetes
-  Describe factors influencing, and methods to maintain, glucose management during exercise and physical activity for youth with diabetes
